People's Resource Center Job Posting Teachers for Summer Science Program in West Chicago

Position Overview

People's Resource Center, a non for profit social service organization, is seeking **to contract with three teachers (license required) for the upcoming 2019 Summer Science Program**. PRC's Summer Science Program incorporates experiential learning through hands-on activities and materials that deepen and reinforce academic learning from the school year and prepares students to be more confident in their knowledge for the upcoming year. PRC welcomed 474 students in the summer of 2018 to focus on science, math and literacy curriculum in a fun and inclusive environment.

We are looking for teachers to create an exemplar classroom experience to assist EL and at-risk students in building academic language, developing science background knowledge, and enriching their current understanding of content. Successful applicants are dynamic, energetic teachers who maintain a positive learning environment, hold high academic expectations, and create a student-centered classroom while building rapport with students. Content is prescribed. Pay rate is \$36 per classroom hour.

Responsibilities

- Adapt current curriculum/content to needs of students
- Teach to multiple levels of students (Grades 1-2, 3-5, or 6-8 depending upon class)
- Organize materials

Experience and Education

- Bachelor's degree - Required
- Current State of Illinois elementary or secondary license - Required

Class Dates and Times Available:

- Monday through Thursday from June 17- June 27 from 9:15am to 11:45am in West Chicago

Application Process

To apply, please send your resume and cover letter to resumes@peoplesrc.org.

APPLICATIONS WILL BE ACCEPTED UNTIL Tuesday, April 16, 2019

No phone calls, no faxes please. People's Resource Center is an Equal Opportunity Employer.
