

The PRC Art Program exists to empower all people through the transforming experience of creating art together in an affirming, inclusive community.

"This is my home." - a People's Art student when asked to comment on whether or not the art program gives one a sense of community.

"Painting is very relaxing and stimulates my mind. And when I come to class, it's always nice to be with other students. They're very friendly and encouraging.

"I go whenever I can."

-Paul DeVolpi
