People's Resource Center

COMPUTER WORKSHOPS AND TECH SUPPORT

Computer Training workshops are held throughout the year. To learn more about upcoming offerings, see below.

Tech Tables

December 2 | 4:00–6:00 PM
Glen Ellyn Public Library

Have a technology question? Stop by our first Tech Table for free, one-on-one guidance with everyday technology challenges.

Bring your smartphone, tablet, or laptop and get help navigating your device, using email, accessing online tools, and more. Our volunteers will guide you through the steps so you can build your skills and confidence!

Tech Support

Do you need support or repair services for your computer?

- Performance issues
- Viruses
- Installation of new components
- Minor hardware repairs

PRC members are eligible for tech support services on laptops and desktops, both PRC-provided and personally owned.

Upcoming Workshops

PRC Wheaton - 201 S Naperville Rd

Internet Safety
November 6 | 10:30 AM - Noon
Learn how to protect your personal information and stay safe online. This workshop covers how to recognize scams, spot suspicious links or messages, and build safer internet habits.

Intro to Microsoft Office
November 10 | 1:30 PM - 3:00 PM
Explore the basics of Microsoft Word, Excel, and PowerPoint. This class gives a high-level overview of each program's purpose and shows what you can do with them in daily life or on the job.

Introduction to Linux Mint (choose one)
November 17 | 1:30 - 3:00 PM
December 8 | 1:30 PM - 3:00 PM
Discover Linux Mint, a free, easy-to-use alternative to Windows! In this hands-on workshop, learn how to navigate the desktop, browse the internet, create documents, and handle everyday computer tasks.

Coffee & Chat: Holiday Shopping and Scams
December 2 | Noon - 1:00 PM (no registration needed)
Shop smarter and stay safer this holiday season! Join us for a relaxed conversation about online shopping, recognizing common scams, and protecting your personal information. Bring your questions and enjoy a cup of coffee while learning practical tips.
